

Maintenance advice

DO wash your vehicle occasionally. The water repellent property of Toyota ProTect creates a self-cleaning surface which means that less cleaning is required. Use vehicle wash concentrate with either a sponge or cloth, then rinse with clean water. Dry with a synthetic cloth or leather chamois.

DO use a hand wash, jet wash or a mechanical car wash on regular setting if you wish.

DO NOT wax or polish on top of the Toyota ProTect coating.

DO NOT apply any kind of conservers or wax top-ups.

IN THE EVENT of collision damage and repair, the Toyota ProTect coating can be restored. Please consult your Toyota Authorised Repairer.

Toyota ProTect provides unrivalled protection against the damaging initial effects of bird lime and tree sap.

However it is strongly recommended that such deposits are removed immediately, as neither are covered under this guarantee.

Warranty terms and conditions

The treated exterior paintwork of your vehicle is now guaranteed for a full five years. In the event of loss of finish, the vehicle owner must notify the supplying Authorised Retailer immediately.

Your vehicle's ProTect treatment must be inspected not later than one year from initial application by the original supplying Toyota Authorised Retailer/Repairer.

This record must be endorsed with any damage and/or rectification under guarantee noted, for warranty to remain valid.

Exclusions

Collision damage, vandalism, stone chips, fire, rust, owner negligence.

Vehicle modifications carried out after the application of Toyota ProTect.

Damage resulting from abrasive polishes, acid wheel cleaners or cutting agents.

Industrial fallout, acid rain, bird lime, tree sap, brake fluid, battery acid.

Claims

In the event of a loss of finish, the vehicle owner must notify the supplying Authorised Repairer immediately.

The Authorised Repairer will inspect the vehicle and warranty record book to confirm that Toyota ProTect was supplied in accordance with approved procedure, and that the warranty record is valid.

In the event that a failure of exterior protection under warranty has occurred, the Toyota Authorised Repairer will arrange for re-application to be carried out.

When claiming through an insurance company for ProTect rectification following collision damage, the cost must be recovered directly from the relevant insurance company.

ALWAYS A
BETTER WAY

Protecting your vehicle and your warranty too

Thank you for choosing to protect your vehicle with Toyota ProTect. The treated exterior paintwork of your vehicle is now guaranteed for a full five years against weather-induced fading, oxidation and a range of other environmental factors.

This booklet is the official warranty record for your vehicle's Toyota ProTect paintwork treatment. Keep it in a safe place and remember to have it updated by your Toyota Authorised Repairer every year so that your guarantee remains valid.

For the guarantee to remain valid you must also observe the maintenance advice on the back of this booklet, and the other terms and conditions contained herein. Central to this is the annual inspection of the vehicle by the original supplying Toyota Authorised Repairer.

Space is provided for your Toyota technician to note any issues which may arise with the ProTect treatment during the warranty period. This record will be required should any rectification under warranty subsequently be required.

Remember that your five year ProTect guarantee is fully transferable. Should you sell or trade in your vehicle during the warranty period, this booklet is evidence that ProTect has been fully maintained with a valid warranty.
